

We act as a catalyst, facilitator, and collaborator to support the work of local and state beekeepers and others who work for environmental sustainability.

# LEAD for Pollinators

*Our mission is to provide leadership, education, action, and development to support the health and sustainability of honey bees, native pollinators, and the keepers of the ecosystem.*

View our [presentation topics at our website](#).  
**Schedule us to speak to your group.**

## Action

LEAD for Pollinators has taken action individually and joined with fellow advocates to protect pollinators at the national and state level. We also secured and provided testimony in support of bill sponsors, Ohio Rep. Dick Stein and Ohio Rep. James Hoops, to secure passage of HB 496, Ohio Apiary Owners Immunity Bill in the Ohio House June 2020.
